

Hot Lunch

eFunds Quick Reference

1. Our Hot Lunch Program uses a scanner system to charge students for a hot lunch, salad bar (4th – 8th) or milk consumed each day. The student's ID card is scanned at the beginning of the lunch line.

As with any business, the logistics of this system are much easier when your student's lunch account is maintained with a positive monetary balance.

The eFunds system provides you the convenience of funding your student's account at home on-line. To eliminate the need to send cash/checks to school which can be misplaced or lost, we ask that you please utilize the eFunds system that is set up for our school. **Exceptions must be requested through the school office.**

2. New or transfer students to eFunds will be mailed information regarding the setup of an eFunds account with a unique ID number.
3. Once you have set up your student's eFunds account, **the most efficient method to maintain a positive monetary balance is to designate a set amount of money to be automatically deposited every month.** You can also be alerted through eFunds when your student's account reaches a certain threshold, for instance \$10 or \$5. At that time, money should be immediately deposited to maintain a positive balance. You can also set up an automatic replenishment when a lunch account balance reaches a designated threshold.

** If your student loses or damages his or her ID card, another ID card must be purchased for \$5 at the school office.

4. The eFunds link to log in is:
<https://payments.efundsforschools.com/v3/districts/55560>
This link can be found on both the Catholic Central and Burlington Catholic websites.
5. Suzy Bittmann and Carol Robers are the contacts for **eFunds** for Catholic Central and Burlington Catholic Schools. Email us with any questions or issues at foodservicedirectors@ourbcs.org

NOTICE: You must have an eFunds account set up, activated, and funded **BEFORE** the school year begins.
