### ABOUT OUR EARLY CHILDHOOD PROGRAMS

Burlington Catholic School is a Catholic-based program, offering activities that nurture the spiritual, emotional, intellectual and physical development of each child.

Early childhood classes at BCS combine structured learning with creative play, introduce children to the Catholic faith, and follow a program called the Wisconsin Model for Early Learning Standards (WMELS). With an engaging, hands-on curriculum, children enjoy a fun and interactive learning experience.

Designed with kindergarten readiness in mind, our early childhood programs lay a strong foundation for academic success while fostering social skills, self-esteem, and respect for others. Each classroom has one full-time passionate educator and a full-time or part-time aide who are dedicated to nurturing each child's growth and development.
